SUPPLEMENTAL NOTICE NO. 01

TO THE INSTRUCTIONS TO CHALLENGERS FOR THE DIGITIZATION OF THE PHYSICAL APPREHENSION OF TRAFFIC VIOLATORS UNDER THE SINGLE TICKETING SYSTEM (STS) THROUGH THE ELECTRONIC TRAFFIC APPREHENSION PROGRAM (ETAP) REQUEST FOR COMPARATIVE PROPOSALS

Date of Issue: May 22, 2025

This Supplemental Notice serves to provide clarifications and amendments to specific provisions of the Instructions to Bidders for the Digitization Of The Physical Apprehension of Traffic Violators under the Single Ticketing System (STS) through the Electronic Traffic Apprehension Program (ETAP) Project, following the discussions during the Pre-Bidding Conference held on May 21, 2025 via Google Meet.

Key Amendment: Extension of Registration Deadline for Challengers

To accommodate the necessary steps in the procurement process, the registration deadline for challengers has been extended by at least **45 days from the conduct of the Pre-Bid Conference**, setting the new deadline to submit before 5:00 pm on **July 5, 2025**. This adjustment allows for the completion of essential procurement stages while maintaining transparency and equal opportunity in the bidding process.

This extension underscores PBAC's commitment to fair competition, highlighting the significance of digitizing traffic management under the ETAP Project to improve efficiency, accountability, and public safety. The project's innovative Single Ticketing System (STS) approach is poised to streamline traffic law enforcement and enhance citizens' experience.
